NEW APPLICATIONS

Please email completed form to: info@eastyorksbadgers.co.uk
or hand to any EYBPG committee member or post to our EYBPG Treasurer and please let us know the names and contact details for multiple applicants.

With your initial application please enclose a brief introductory note to provide us information regarding your interest in badger protection and conservation work.

You may have skills that you would like to share and which could benefit our badger protection work. For example helping with a 'promotion' stall, fundraising, educational talks, occasional driving, sett monitoring and recording new sett locations or helping with an injured badger rescue operation, please let us know.

There is no obligation to do extra work, but you may wish to become more involved and become a more 'active member'.

Welcome to our Clan and many thanks for supporting our work for badgers.

EYBPG strives to reduce our paper and print usage.
